Description :

PDF-3fe95 | With greater public awareness of the need for energy independence, the issue of how we can make our existing homes more resource efficient is becoming ever more critical. Residential buildings make up a large fraction of our energy needs, largely due to heating and air-conditioning. So it's no longer enough to simply do the small stuff, like switching to compact fluorescent bulbs, or turning down ... *The Greened House Effect: Renovating Your Home with a Deep Energy Retrofit*
