Description :

PDF-d2050 | In this book, Edward Ashford Lee makes a bold claim: that the creators of digital technology have an unsurpassed medium for creativity. Technology has advanced to the point where progress seems limited not by physical constraints but the human imagination. Writing for both literate technologists and numerate humanists, Lee makes a case for engineering -- creating technology -- as a deeply intellec... *Plato and the Nerd: The Creative Partnership of Humans and Technology (MIT Press)*
